Dockets Management Branch (HFA-305)
Food and Drug Administration
5630 Fishers Lane, Room 1061
Rockville, MD 20852

Topic: Docket #98N-1038.

To the Food and Drug Administration:

I demand that any irradiated food should be clearly labeled because of possible changes in texture and nutrients. Please do not use alternative terms such as "cold pasteurization" and "electronic pasteurization" since they are misleading and should not be used. The public has a right to know exactly what they are consuming and how the food is processed.

Thank you.

Eva Uran
